**Job Type:** Full-time | Remote

### **Purpose of role:**

Our client is looking for a Business Controller to join their fast-paced, high-performing Finance Team. This is a new, key role which encompasses internal and external reporting, budgeting, financial control and decision making for operational and strategic projects.

Reporting to the VP Finance, the Business Controller will be responsible for producing key dashboards, investor reporting, supporting growth, driving a robust framework of financial controls, and supporting the company's financial health and success through sound financial analysis and reporting to its internal and external stakeholders.

In your first 30 days at our client you will: Familiarise yourself with the culture, values, and processes to align with our clients organisational goals and objectives. Gain proficiency in available reports and data sources to effectively build reports and dashboards. Understand the month-end close and the various stakeholders involved in the process. Begin building the various reports, dashboards and budgets which are a key output for this role. Review and scrutinise AP transactions before approval. Your ability to quickly adapt and learn will be crucial in preventing any lapses or errors. Engage in regular discussions with our clients finance team to gain insights into the strengths and challenges of their business operations.

Proactively address any issues or bottlenecks, contributing to a more efficient and productive work environment.
