

Elevator Technician

[Apply Now](#)

Company: BusinessGhana

Location: Accra

Category: other-general

• High school diploma or Graduation. • Relevant mechanical certification. • Previous work experience as an Elevator Technician. • Ability to read and interpret blueprints, troubleshoot mechanical malfunctions. • Ability to travel and work after hours when required. • Ability to work independently. • Should speak English and local language • Minimum 3 years in Elevator Installation – Technician / Senior Technician

We are looking to hire a Senior Elevator Technician to Install, Service and Maintain our elevators. As a Senior Elevator Technician, you will be required to oversee the installation of new elevators, perform routine maintenance, troubleshoot malfunctioning systems, repair or replace parts, and conduct safety tests.

To ensure success as an Elevator Technician, you should have advanced mechanical knowledge of elevator systems, good troubleshooting skills, and be able to work after hours if required. Ultimately, a top-class Elevator Technician installs, repairs, and maintains a client's system with the least amount of down-time

Job Roles and Responsibilities:

- Overseeing the installation and commissioning of elevators.
- Responding to mechanical and electrical failures and system malfunctions.
- Installing and testing of mechanical and electrical systems.
- Servicing and maintaining machine parts.
- Repairing or replacing system parts.
- Oiling and greasing moving parts.
- Carrying out safety checks.

- Maintaining stock and ordering supplies.
- Maintaining a clean working area.
